Voll hypnotisiert!

2011

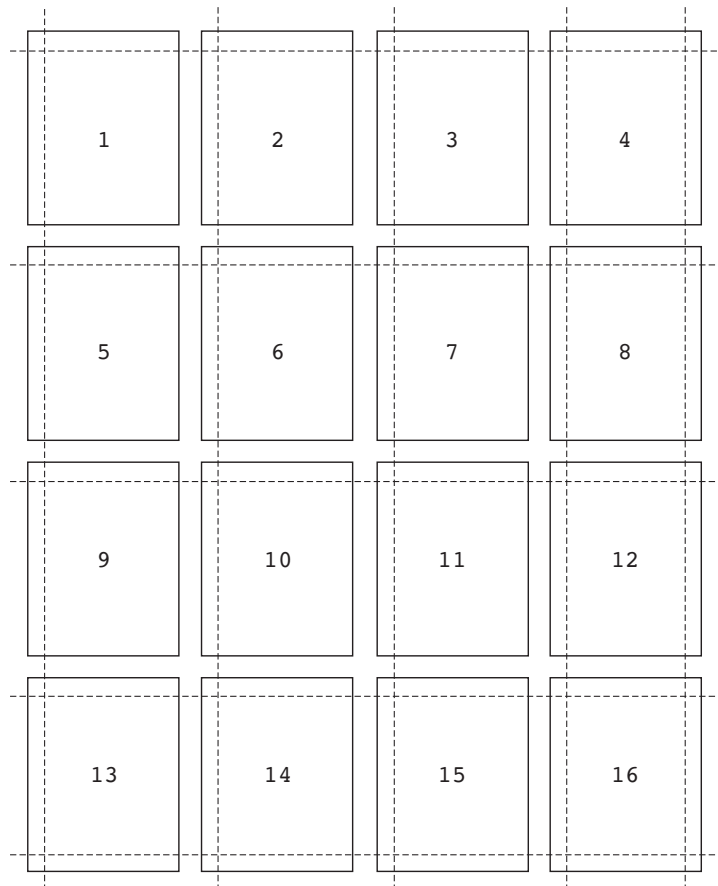

Cut off the white edges from the printed A4 sheets. To get the best result, cut along the line marks as shown below. Join the 16 pages together to one big A0 poster – either with tape, by pinning them to a wall or by using paste to stick them to a wall.

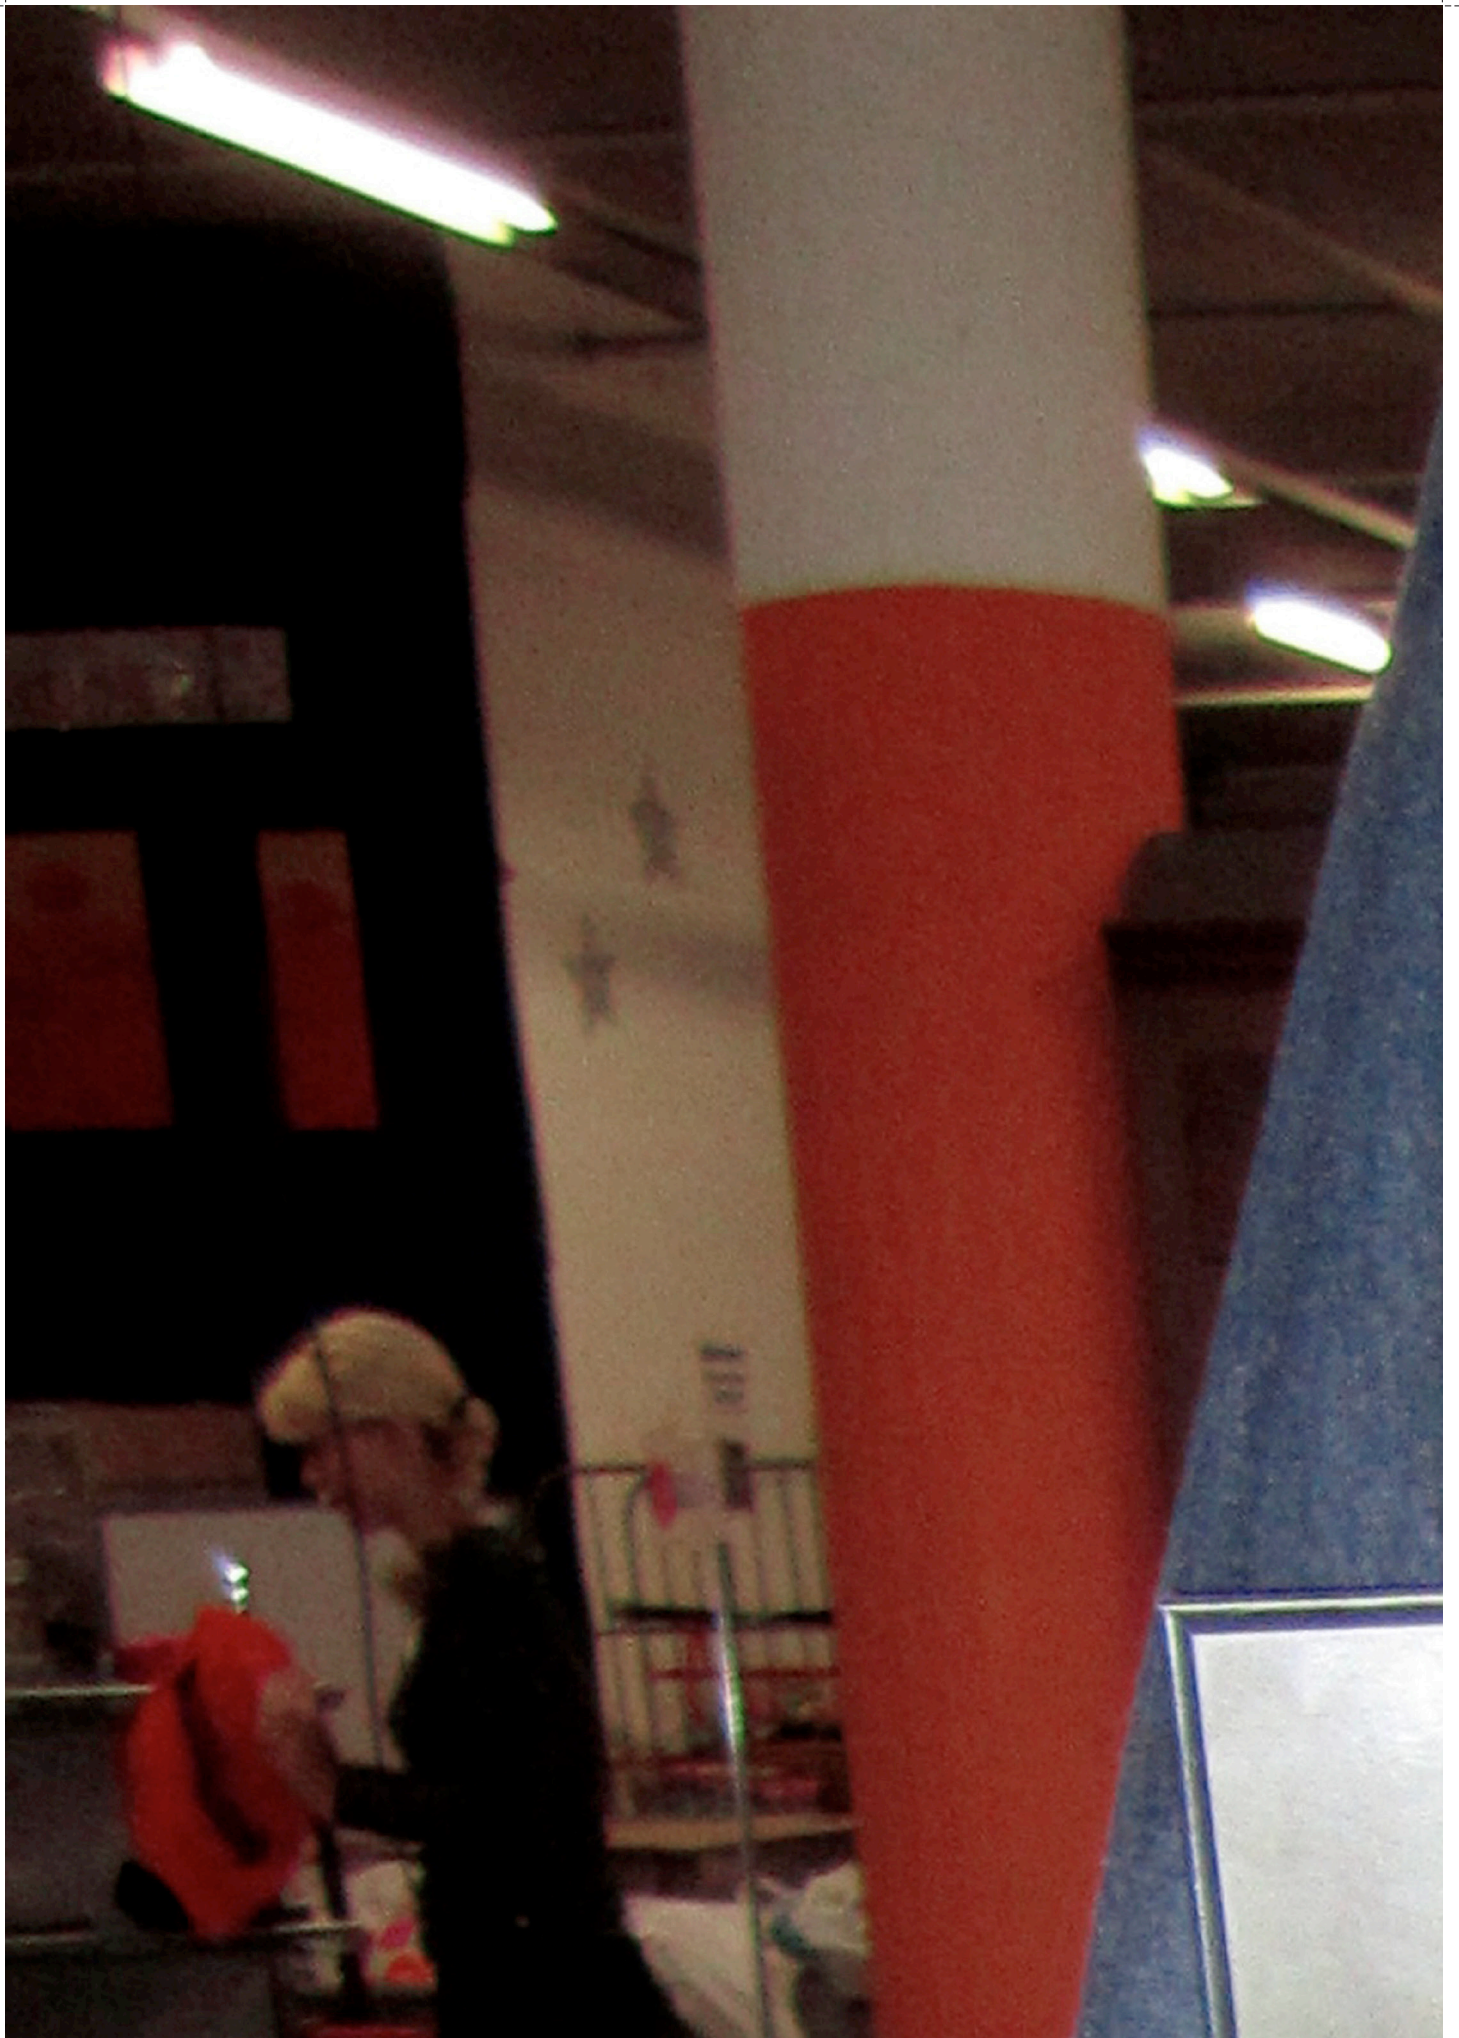

Material you need for completion:

- 16 printed A4 sheets
- Scissors/cutter, maybe a ruler
- Tape/pins/paste

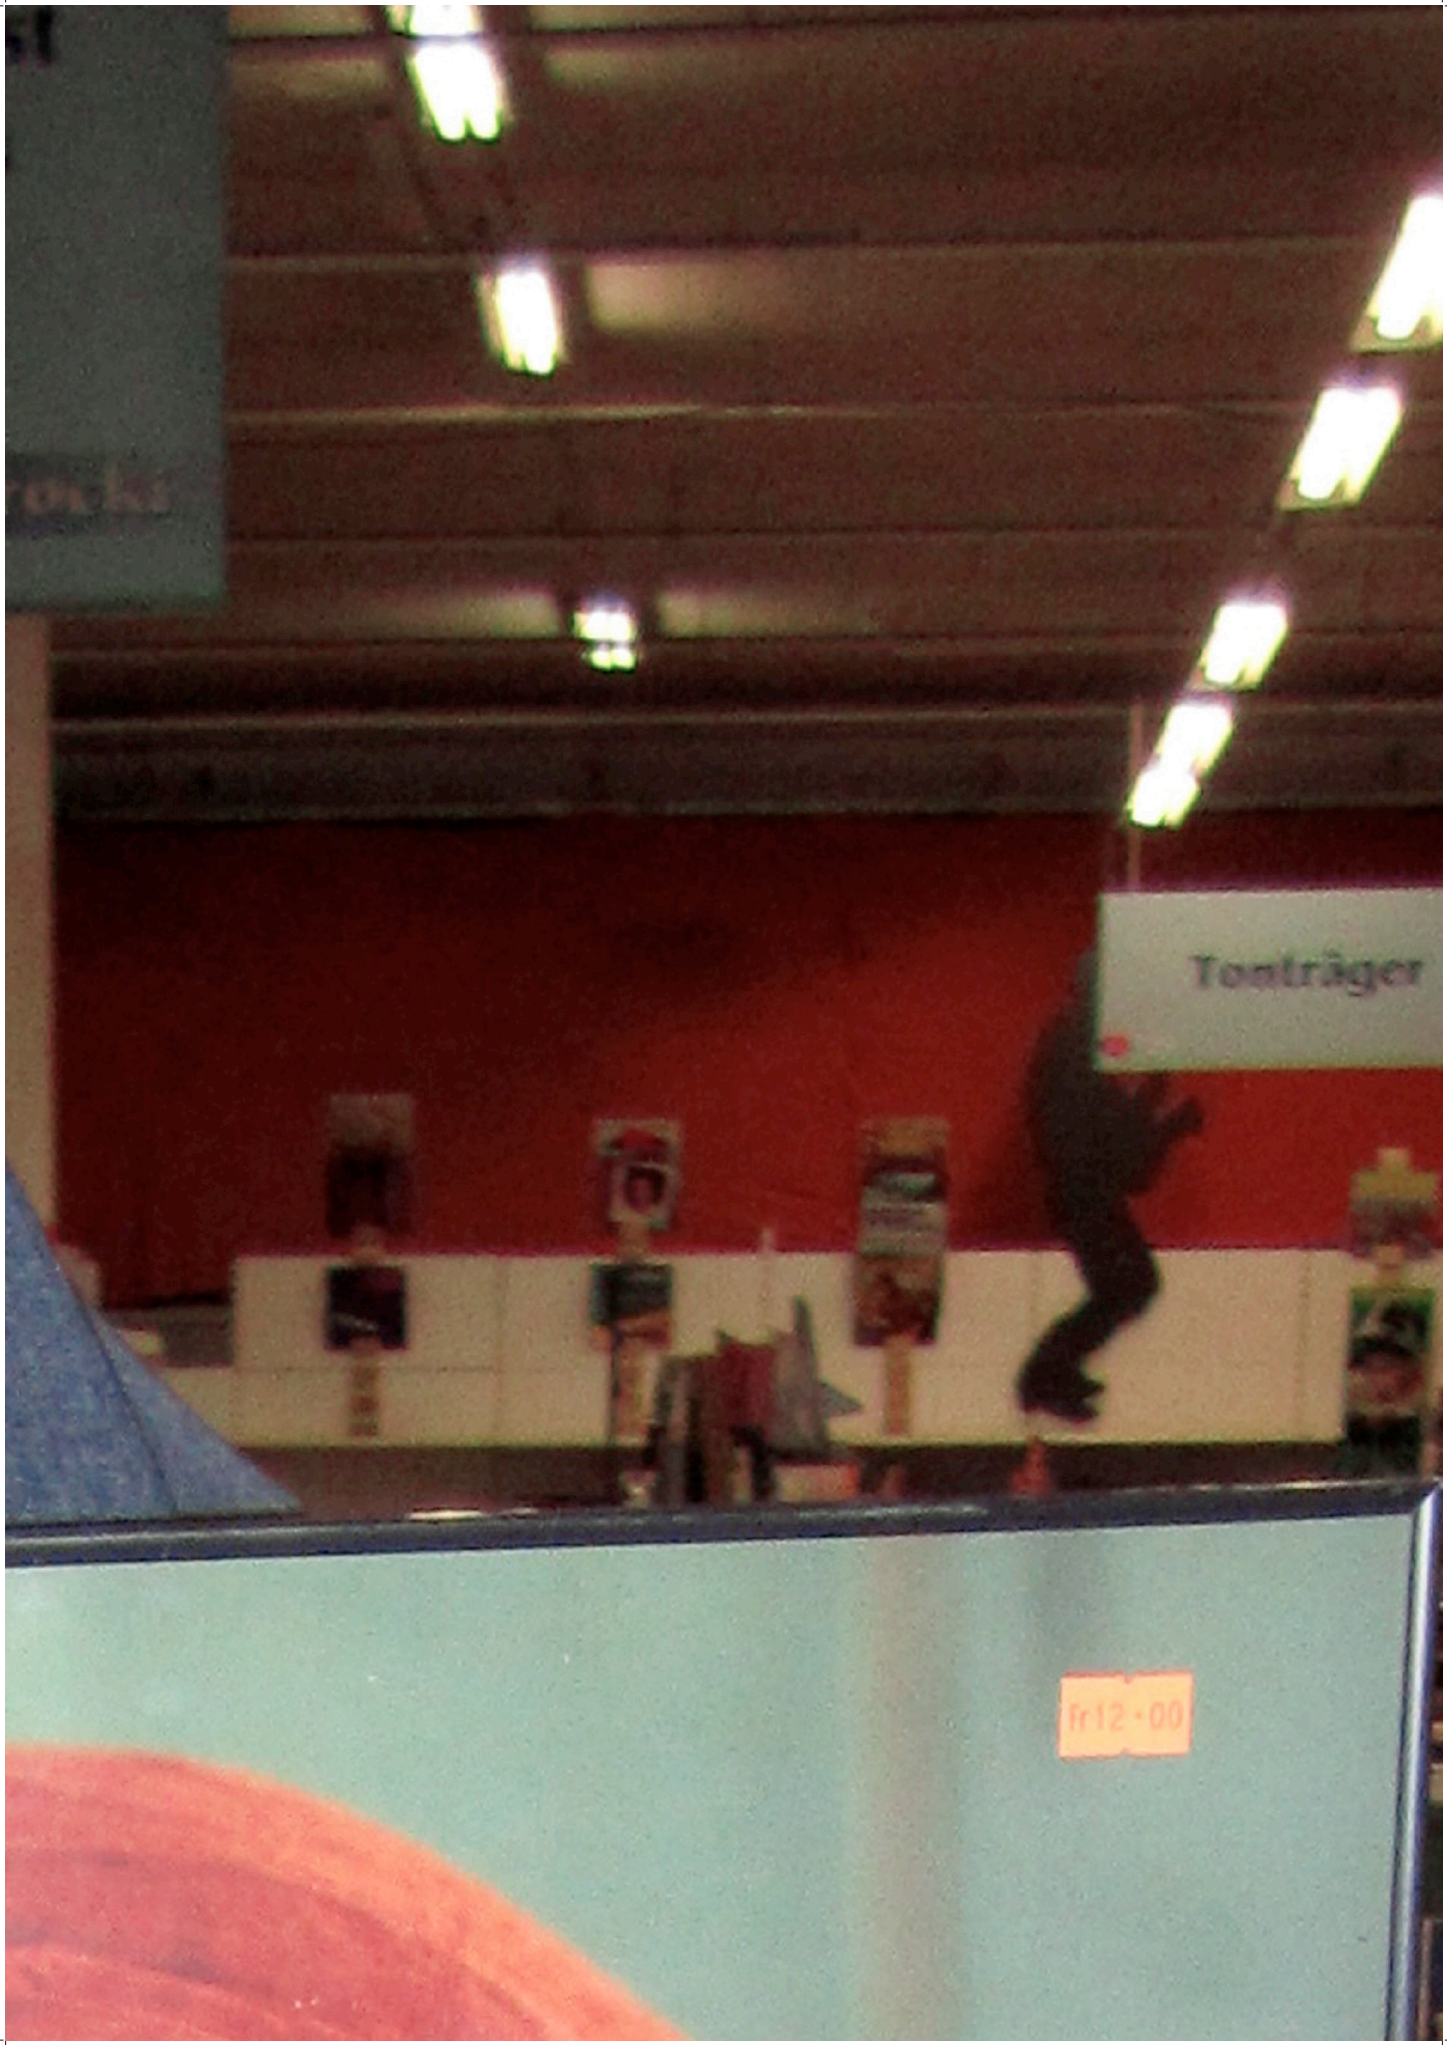

Take a picture of the installed work, add a comment if you like, and send it to: office@curating.org

The photos of the installations will be collected and published.
